8. Issues discussed

8.1 Sam Hutchinson

Sam Hutchinson visited from the Police Commissioner's Office to explain how the office worked and how they interacted with Parish Council's and general public and discussed ways in which they may be able to support us with projects moving forward.

Sam took notes on concerns over road safety issues re speed, speed signs etc and promised to look into these matters and let the council know if there were ways to assist us in moving forward with these matters. The Parish Council mentioned they were happy to pay for VAS signs for the village to

help with the safety if and when we were able to do so and would welcome any funding that may be able to support us with this.

It was also discussed that the contact we had with the police was sporadic, whilst the Council understood how busy the police were they had not even received accurate or timely reports for some time now despite previous assurances. Sam agreed to send the Parish Clerk contact details for the whole team at Stokesley and would do what he could to assist in better engagement.

Sam also mentioned a community messaging service which any member of the public could sign up to which was www.nycm.co.uk which could advise on police, fire, highways issues etc and you could choose what you received information on.
