

Proposal to request 20mph speed limit on a section of Kirkby Lane

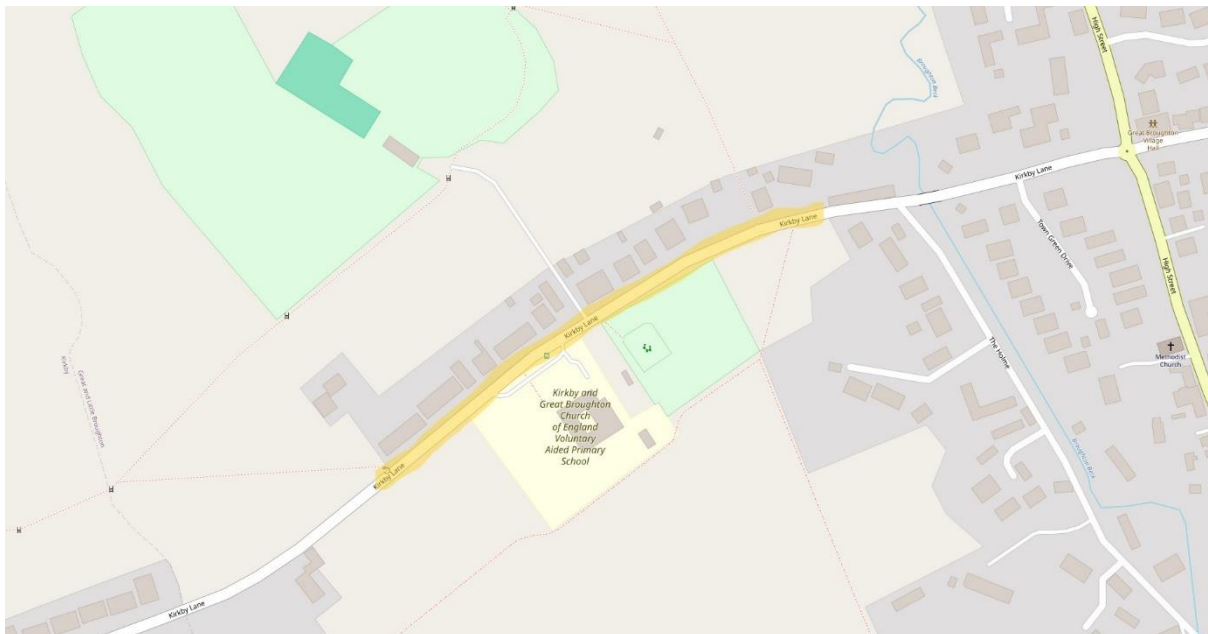

Great Broughton Parish Council is seeking resident's views upon our proposal to request a 20mph speed limit on Kirkby Lane.

The designated area would extend from just after The Holme in the east towards the border with Kirkby in the west (see map below). Fixed speed limit signs would be installed. This scheme should increase safety around Kirkby and Great Broughton school, whilst also protecting the entrances of our playpark, sports club, and the footpath exit onto Kirkby Lane.

The pupils and staff of Kirkby and Great Broughton school have already been consulted and given the plan their overwhelming approval.

Before advancing this project, we would like to hear views from anyone in the community, particularly residents on Kirkby Lane. As yet, there is no inception date for this proposal.

Please contact us using the website contact form or by email to broughtonparishcouncil@googlemail.com before 21.9.24 to let us know your views.
